

Our Partner:

The Challenge:

Address sustainability initiatives through responsible office printing

Our Solution:

Employ **cartridge-free Xerox Solid Ink** technology

Consolidate single-function devices into Energy Star certified multi-function devices

The Results:

A projected reduction in energy consumption, greenhouse gas emissions, and solid waste by 62%, 60%, and 70% respectively

Additional Benefits:

A reduction in colour printing costs by 45%

Opportunity to print documents with a splash of colour for the same rate as black pages
